

Technical Writer

m/f/d, Zürich

For our client from the Medtech sector in Zürich, we are looking for an experienced, motivated Technical Writer

Your Tasks:

- * Create user documentation such as operating, service, and software manuals
- * Create assembly plans and test procedures for product manufacturing
- * Create and maintain content for specific audiences using an XML-based CMS (Schema ST4) and DTP software (Adobe FrameMaker)
- * Ensure compliance with regulatory requirements
- * Implement documentation-relevant content from risk analyses
- * Product photography and image editing
- * Create technical illustrations from 2D and 3D data
- * Write and edit texts in English and German
- * Coordinate translation projects and manage terminology

Your Profile:

- * Degree in a technical field and further training as a Technical Writer, or a degree focused on Technical Communication, or several years of experience as a Technical Writer
- * At least 5 years of professional experience
- * Proficient with common DTP, illustration, and image editing tools (FrameMaker, Photoshop, Illustrator)
- * Professional experience with Schema ST4
- * Skilled in using 3D illustration software (e.g., Creo Illustrate, 3DViaComposer, or similar)
- * Excellent German (native speaker level) and English (C1) skills, both written and spoken fluency
- * Able to collaborate with others to gather necessary information
- * Capable of filtering relevant information and preparing audience-specific documentation that meets regulatory and company requirements

Job profile

-  IT - IT Infrastructure & Operations
-  Zürich
-  Contracting
-  Full Time
-  ASAP - 6 Month + extension
-  Schema ST4, FrameMaker
