

Senior Category Manager (CAPEX project)

m/f/d, Wallis

For our client from the Pharma manufacturing, we are looking for a Senior Category Manager, who will act as a Lead for the development and execution of category strategies for Civil and CSA packages within CAPEX projects

Your Tasks:

- * Define and deploy category strategy for CSA (civil works, structural steel, buildings)
- * Lead sourcing, tendering and supplier selection for CSA packages
- * Drive commercial negotiations including contracts, frameworks and pricing structures
- * Partner with Engineering, Construction and Project teams to ensure early procurement involvement
- * Manage strategic supplier relationships and contractor performance
- * Drive cost optimization, benchmarking and value engineering across projects
- * Ensure risk management for construction activities (schedule, cost, HSE and supply risk)
- * Ensure compliance with GMP, EHS and construction standards
- * Translate category strategies into project-specific sourcing and execution plans
- * Monitor contractor performance and implement continuous improvement initiatives

Your Profile:

- * Degree in Engineering (Civil, Structural, Construction) or Business. Technical background strongly preferred.
- * 10–15 years experience in Procurement, Category Management or Construction sourcing
- * Strong experience in pharmaceutical / life sciences CAPEX projects

Job profile

-  Administration - Procurement
-  Wallis
-  Contracting
-  Full Time
-  asap - 12 months
-  CAPEX, Procurement

Sounds interesting?

Alessia Biassoli
Business Manager Life Sciences
