

Senior Tax Manager

EUCAN

m/f/d, Zürich

This role will be critical in advising and managing the client's tax position in a selected group of European countries including Eastern Europe - focusing on Switzerland, France, Italy and Greece. General responsibilities include but are not limited to pro-actively managing the tax audits with the relevant tax authorities in this region on a federal, regional and local level, supervising and ensuring that all tax matters are being properly handled for including but not limited to tax accounting, tax compliance, tax litigation and transfer pricing, providing advice and support to local finance and helping actively educate business partners on relevant changes in tax legislation with material impact on the business. Serving as a trusted partner to the business, this individual will play a key bridge function between the global tax functional leads and finance our clients Business Solutions Hub in the region with the ability to reduce complexity and balance local vs. global considerations.

Start Date: July 2026

End Date: Jan 2027 (with the chance of internalization)

Workload: 100%

Location: Opfikon, with 3 day homeoffice per week

Workmodel: Contracting

Your Tasks:

- * Establish and maintain network to business within the countries in scope, analyze tax implications for transactions and provide high quality tax support to business partners such as finance, legal, business development, supply chain, HR, country managers, etc.
- * Ensure professional and transparent communication with tax authorities at all time
- * Accountable for corporate income tax compliance and tax audit defence within the region including coordination of corporate income tax compliance work with the Takeda Business Solutions (TBS Tax Solutions) in Poland and the local tax service provider
- * Proactively identify, manage and mitigate tax risks
- * Actively lead tax audits in the countries in scope including an alignment on information and data requests and liaison with global tax functional leads on audit defence strategy
- * Streamline and monitor procedure for indirect tax, withholding taxes (if any) and other taxes.
